## Call

### EASAS Research Student Awards

One of the stated aims of the European Association for South Asian Studies is to encourage and support young scholars working in the field of South Asian Studies. In pursuit of this aim, the Association is offering awards linked to its biennial conference. Awards are to be made for the most outstanding papers by currently registered research students presenting at the conference. At the 25th EASAS conference in Paris, up to three awards of €300 each will be made. All current PhD students fully registered and presenting at the conference may submit their paper for consideration. The submitted papers will be considered by a panel of judges selected by the EASAS Council. It is hoped that by offering three Awards, the competition will reflect the full range of disciplines represented at the conference.
