

2nd Intensive Course Program

UPDATED

Urban and Regional, Transportation, and Environmental Economics

Depok – West Java, Indonesia, 14 January – 8 February, 2019

Our Intensive Course is a fantastic opportunity to learn about transportation economics, environmental economics, as well as urban and regional economics. This course is one part of long-term collaboration agreement between School of Business and Economics, VU Amsterdam (SBE-VU) and Faculty of Economics and Business, Universitas Indonesia (FEB-UI). The course will help the adjustment process for prospective students who have the potential to continue master's (S2) and doctoral (S3) programmes at SBE-VU and FEB-UI.

BENEFITS

TARGET PARTICIPANTS

COURSES

1. Certificate of Attendance
 2. Certificate of Completion* (from SBE-VU and/or FEB-UI)
- *) Certificate with grade list. Participant with outstanding grades will receive a letter of support for admission and application to STREEM programmes in SBE-VU or Master's program in FEB-UI for the academic year 2019-2020. These certificates will enable participant to waive a certain course after they enroll in the master programmes.

1. The final year students of the Economics program from FEB-UI or from other universities in Indonesia.
2. Researcher/Teaching staff with sufficient knowledge in Economics, Mathematics, Statistics, and Econometrics.
3. Related government officials who have interest in the economic perspective of social policy-making.

FEB-UI : 14 Jan - 25 Jan 2019
Math and Statistical Refresher
Microeconomics for Policy

2nd Intensive Course Program

UPDATED

Urban and Regional, Transportation, and Environmental Economics

Depok – West Java, Indonesia, 14 January – 8 February, 2019

Scholarship Available for the Intensive Course Program

Our intensive course program has been financially supported by the RSAI Nurturing Talent Program since 2018. The Regional Science Association International (RSAI) is an international community of scholars interested in the regional impacts of national or global processes of economic and social change.

The resource from the RSAI allows us to provide a full/partial scholarship towards attracting highly motivated candidates from the university (particularly academic staff/researcher/student) and government institutions without any financial support from their own institutions.

The scholarship that is available includes waivers for 100%, 50%, 30% and 25% of course fee. Please check the table below if you are eligible to apply for the scholarship.

INSTITUTION	CATEGORIES OF PARTICIPANT	TYPE OF SCHOLARSHIP
Faculty of Economics and Business - Universitas Indonesia	Academic Staff / Research Staff / Teaching Assistant	Full Scholarship
Faculty of Economics and Business - Universitas Indonesia	Undergraduate/Master Student	Partial Scholarship (50%)
Other Faculties - Universitas Indonesia	All categories	Partial Scholarship (30%)
Other universities	All categories	Partial Scholarship (25%)
Ministries / National Government Agencies	Government officials (self funding)	Partial Scholarship (25%)
Local government	Government officials (self funding)	Partial Scholarship (25%)

If you are interested in applying the scholarship, you must first complete and submit your application by email to: yusuf.sofiyandi@lpem-feui.org and dhaniel@ui.ac.id.

Please write in the subject line of email: "**Scholarship for Intensive Course Program 2019**".

After we have reviewed your documents, we will send you an email for a full/partial scholarship offer. While applications are open until 21 December 2018, preference in funding will be given to candidates who apply before 14 December 2018.

PAYMENT METHODS

You can pay your course fee through a bank transfer as per given information below:

VIRTUAL ACCOUNT NUMBER : 8883 - 106 - 108003 - 737
NAME OF VIRTUAL ACCOUNT : VU Intensive Course Program
BANK NAME / BRANCH : BNI UI Depok

If you are paying the course fee, you need to confirm your participation with your proof of payment (e.g. scanned copy of receipt).

ALUMNI TESTIMONIALS

Andhika Putra Pratama

"The last two weeks in an intensive course are interesting experiences. I am very happy to have a good opportunity to learn something new, especially in a field that I have enjoyed for years. Teachers are people who are well-known in their research fields. I can't wait to continue the Masters program in the Department of Spatial Economics, Vrije Universiteit Amsterdam."

(Andhika works as a Research Assistant at the Institute for Economic and Social Research (LPEM). After awarded a StuNed scholarship by Nuffic-Neso in 2018, now he is currently a master student in the STREEM programme, Vrije Universiteit Amsterdam)

Estiana Cahyawati

"I learned a lot and really enjoyed this intensive course. The instructor is able to create a comfortable atmosphere to discuss various issues in the fields of Transportation Economics, Environment, and Urban and Regional Economics. The learning material and assignments provided strengthened my understanding in the application of theory. I think it is the right step to continue my studies at Vrije Universiteit Amsterdam."

(Estiana is a graduate student in Economics at UI when attending this intensive course. She has an interest in the demography and regional studies. Esti also works as an Assistant Lecturer in the Department of Economics - University of Indonesia)

Virgiana Nugransih Siwi

"I really enjoyed the topic and discussion during this course. Teachers are able to encourage participants to think beyond the standard and explain the complexity of economic phenomena with simple models. Therefore, this course greatly helped me in preparing myself to continue the Master's program in Spatial Economics, Transportation and Environment at Vrije Universiteit Amsterdam."

(Virgiana is an Assistant Lecturer in the Department of Economics, Satya Wacana Christian University (SWCU), Indonesia. Virgiana obtained the Piet Rietveld Scholarship to pursue a Masters degree in the STREEM programme, Vrije Universiteit Amsterdam)

Yusuf Reza Kurniawan

"Participating in the UI-VU intensive course in Spatial Economics, Transportation and Environment has provided me with a new perspective on urban problems in Indonesia. The course is time consuming, but it is very beneficial. Teachers are people who are well-known in their fields and extraordinary in delivering material. I am very grateful to get the opportunity to learn from them."

(Yusuf works as a Research Assistant at the Institute for Economic and Social Research (LPEM). After awarded a StuNed scholarship by Nuffic-Neso and VU Fellowship Program in 2018, he is currently pursuing a master degree in the STREEM programme, Vrije Universiteit Amsterdam)
