17th EU-REAL Workshop

Warsaw, September 3-4, 2020 (guided tour on September 5th)

The Faculty of Economic Sciences, University of Warsaw is pleased to announce the 17th European Union Regional Economics Applications Laboratory (EU REAL) Workshop, with a focus on “Regional and urban economic modelling”.

The workshop will be held in Warsaw (Poland), on September 3-4, 2019. We kindly invite contribution on topics related (but not limited to):

- Regional economic growth and development
- Regional, rural and urban policy
- Infrastructure, transport flows and networks among regions
- Input-Output (IO) and Computable General Equilibrium models (CGE)
- Tourism and regional development
- Migration and regional labor markets
- Regional healthcare planning and migration flows
- Quantitative methods for regional sciences
- Spatial concentration
- Spatial econometrics and statistics

Abstracts, with a maximum of 500 words, including author's name(s), affiliation(s), main topic and 3-5 keywords should be sent by May 15th 2020 to:
